Every man may be said to sail in a gilt pot now and then on time or light pot now. Sometimes when in good repute, New York exchange sent on the account, sharing one still. There has been long in Wall street. The Chicago produce markets were less active and strongest western grain trade improved for the first months and investors by the speedily quickening of hogs. There was a most delightful movement in wheat and corn, the settlement with Wednesday's gold closed fifty cents lower, but fifty cents lower, the fifty cents lower, wheat and corn 2c over, corn 1c over lower, the quality having to make room for September, and favorable data.

HEADS OF FAMILIES

Should look into the peculiar merits of our Children's Clothing Dept. We are selling small clothes on a much closer average margin of profit than any other kinds of goods. If you ever take the trouble to look around and then come here for the final comparison, we'll make fast friends and customers of you.

The ROGERS, PEET & CO. Know Parts Suits have surmounted one staying qualities everywhere except on a dealer's tables.

A first-class "stick and twine" instilling boy, anywhere from 3 to 13 years of age, cannot destroy one of the R., P. & Co. School Suits half as quickly as those of the ordinary make, they fit well, wear well, look well, cost a little more, of course, but you don't mind that if they are worth it. We guarantee every edit we sell.

Lee & Perrins' Sauce.

Lee & Perrins, the original and genuine Worcestershire Sauce, has been taking the public over half a century. Like all popular favorites, it has long been the standard of comparison and the pattern for counterfeits, who are variously known as "Lea & Perrins," "Lee & Perrins," "Lea & Perrin," "Lee & Perrin," etc., etc., and are intended to deceive the public. Insist on having Lee & Perrins, which is the original and only genuine sauce, and of which this is a facsimile.
